Mary had a little lamb...

Its fleece was white as snow. And from the fleece came a magical natural product called lanolin. Then one day a smart lady and some sciencey type men got together and put the magical ingredient into a lip product. And that was the day Lanolips was born. Completely hypoallergenic and vego friendly, the ointment will not only nix cracks, but help speed up the healing process for dry patches, minor cuts and burns. Kinda kicks all other balms/ointments out of the water, huh? Poor other balms. Lucky us.

Lanolips 101 Ointment, \$17.95; and Lip Ointment with Colour and SPF 15, \$13.95 (available 1 May).
